

DOT Inspection Card

TruckX ELD Pro

TruckX ELD Pro is FMCSA-registered under Section 49 CFR, 395.22-395.36 and is listed on the FMCSA website. The device plugs into the vehicle's diagnostic port and it integrally synchronizes with the engine. Drivers are not allowed to change their drive time. The TruckX Driver App allows drivers to interact with their logs using a smartphone or tablet. DOT Inspection Mode enables officials to review and transfer driver logs.
